

I am writing to let you know that I listen to K-Love Radio on a FM translator. It is a very important part of my life. I am concerned that LPFM might be given priority over current FM translator service and that it might leave me without my K-Love signal. K-Love is a listener supported radio so it clearly shows what the listeners want and is in the publics interest. Before K-Love had a station in my area I had to listen to cassettes and CDs to be able to listen to the music I love. I am blessed daily by K-Love Radio and I know lots of people in my area feel the same way. Everyone should have the chance to get stations not just big cities. Thank you for reading and considering my comment.
